

1. SFB-Networking Köln - Potsdam – Saarbrücken (SFBs 1252/1287/1102) Potsdam, 14. and 15. February 2019

Location: WIS Wissenschaftsetage im Bildungsforum, Am Kanal 47, 14467 Potsdam

1. Wissenschaftsetage, 2. Mercure Hotel, 3. Potsdam Hauptbahnhof

Programm

Thursday, 14.02.2019:

~ 12:45 Arrival

13:00-14:00 Definition / outline / summary of key concepts (3*20 Min)

-- Pause --

14:30-15:30 Potsdam (2*20+10 Min)

B04 – Jessen & Uygun: Variability in subject-verb agreement in Turkish-German bilinguals

B05 – Bürki: Inter-speaker variability in word production

15:30-16:30 Köln (2*20+10 Min)

A01 – Röhr: Signal- and expectation-based processing of prosodic prominence

C07 – Fuchs: Demonstrative pronouns as attention orienting devices

-- Pause --

17:00-18:30 Saarbrücken (3*20+10 Min)

C4 – Avgustinova: Mutual Intelligibility and Surprisal in Slavic Intercomprehension (INCOMSLAV)

A4&B2 – Demberg: Language Comprehension under Noise in Younger vs. Older Adults

A5 – Staudte: The Role of Language Experience and Visual Context in Surprisal

19:00 Networking-Dinner (presumably self-paid drinks)*

Friday, 15.2.02019:

09:00-10:00 Köln (2*20+10 Min)

B06 – Esaulova: Syntactic preferences and visual biases in scene descriptions

B07 – Kretzschmar: Who did what to whom? A multi-method approach to role prominence

-- Pause --

10:20-11:20 Saarbrücken (2*20+10 Min)

A1 – Crocker: The Neurocomputational Basis of Surprisal

C3 – Drenhaus: Rational Encoding and Decoding of Referring Expressions

11:20-12:20 Potsdam (2*20+10 Min)

B01&B02 – de Beer & Pregla: (Non)variability in sentence production and comprehension

B02 – Vasishth: Computational models of retrieval processes in sentence comprehension: Understanding sources of variability in unimpaired and impaired populations

-- Pause --

13:00-14:00 Round Table

14:00-16:00 Individual Meetings

Participants/Projects

SFB	Project	PI/Title/URL	Attendees
Potsdam	B01	(Wartenburger/Hanne): Prosodic cue variability: Effects on spoken language comprehension and production in different populations	Wartenburger, Hanne, de Beer
Potsdam	B02	(Vasishth/Burchert/Stadie): Understanding variability and its limits in impaired and unimpaired sentence comprehension	Vasishth, Burchert, Stadie, Pregla, Lisson
Potsdam	B04	(Clahsen/Felser): Variability in bilingual language processing	Clahsen, Felser, Uygun, Jessen
Potsdam	B05	(Bürki): Variability and its limits in the time course of language production processes	Bürki
Köln	A01	(Grice/Schumacher) Intonation und Aufmerksamkeitssteuerung: Neurophysiologische und behaviorale Korrelate	Grice, Schumacher, Roehr
Köln	A02	(Grice/Vogele) Individualspezifisches Verhalten bei der En- und Dekodierung prosodischer Prominenz	Grice
Köln	B06	(Penke/Verlage) Aufmerksamkeit und Prominenz in der Sprachproduktion und beim Erwerb von Sprache	Penke, Esaulova
Köln	B07	(Philipp/Primus) Agentivität als Schlüssel zu Prominenz: Experimentelle Zugänge zu Argumentalternationen im Deutschen	Kretzschmar
Köln	C07	(Schumacher) Vorausschauende und zurückverweisende Funktionen von Diskursanaphern	Schumacher, Patterson, Fuchs
Saarbrücken	A1	(Crocker/Brouwer): Neurobehavioural Correlates of Surprisal in Online Comprehension	Crocker
Saarbrücken	A4	(Kray/Demberg/Klakow): Language Comprehension in a Noisy Channel	Demberg
Saarbrücken	A5	(Staudte/Kray/Mani): The Role of Language Experience and Visual Context in Surprisal	Staudte, Lemke
Saarbrücken	C3	(Crocker/Drenhaus): Rational Encoding and Decoding of Referring Expressions	Crocker, Drenhaus
Saarbrücken	C4	(Avgustinova/Marti/Klakow/Möbius): Mutual Intelligibility and Surprisal in Slavic Intercomprehension (INCOMSLAV)	Avgustinova
